<td>Which are being measured in the assessment?</td>
<td>• What tool(s) was used to measure the outcome?</td>
<td>• What strengths did the assessment identify?</td>
<td>What changes, if any, do you plan to make in your policies, procedures, equipment, and staffing in response to the results of the assessment and your analysis?</td>
<td>How much will your proposed actions cost the unit or college?</td>
</tr>
<tr>
<td>#1 The CCE provides quality training and preparation to pass workforce certification examinations</td>
<td>CCE offers workforce training certificates. The SLOs are aligned with the national or state standards for certification. The unit assesses the SLOs and monitors student scores on the state and national certification exams.</td>
<td>Strengths: In FY 2012, the program increased its revenue by 5.3%. Tuition is higher for workforce training/professional development courses than personal enrichment courses.</td>
<td>Areas to be strengthened: The goal for CCE is to develop and offer more workforce training/professional development courses. CCE currently has only 1 faculty coordinator overseeing all personal enrichment, workforce training, office operations, and committee representation. As such, CCE is significantly understaffed.</td>
<td>Effect of current policy and procedure. Based on the performance measures and assessment of SLOs for its workforce certification courses, CCE has a very effective Ocean Safety program which included Ocean Safety Education and Recreational Thrill Craft Operator. The Photovoltaics course has a lower success rate. A fundamentals course to help students be more successful in Photovoltaics was implemented in spring 2012.</td>
<td>CCE needs to hire additional coordinating staff to expand workforce training to conduct market research and survey employment needs. Determine startup budget for program, identify resource needs, hire subject matter experts and instructors, determine tuition.</td>
<td>Will the actions require resource allocation?</td>
</tr>

Wendward Community college offers innovative programs in the arts and sciences and opportunities to gain knowledge and understanding of Hawaii and its unique heritage. With a special commitment to support the access and educational needs of Native Hawaiians, we provide Oahu’s Koolau region and beyond with liberal arts, career and lifelong learning in a supportive and challenging environment inspiring students to excellence.
**#2. The CCE provides a wide variety of training for career advancement and workforce needs**

Benchmark: 70% of surveyed participants agree or strongly agree with survey question.

**Strengths:** The three workforce certification programs currently offered are: Ocean Safety Education, Recreational Thrill Craft Operator, and Introduction to Photovoltaics. Based on performance measures and assessment of SLOs, Ocean Safety Education and Recreational Thrill Craft Operator has been very effective. A fundamentals course to help students be more successful in Photovoltaics was implemented in spring 2012.

**Areas to strengthen:**
Only 50% of participants surveyed agreed that their needs for workforce certification were met. More courses need to be offered in employment training, occupational upgrading and career advancement.

**Effect of current policy and procedure:**
Only a total of 21 career workforce course participants took the survey. The low 50% satisfaction is probably an indication that participants interpret “needs” as job placement upon completion. This survey question needs to be reviewed and revised in the future.

**To increase the variety,** CCE should hire **2 additional coordinating staff to expand workforce training.** Currently offerings are primarily personal enrichment.

**Staff will conduct market research and survey employment needs.** Also, determine startup budget for program, identify resource needs, hire subject matter experts and instructors, determine tuition.

**Staff will develop and coordinate multiple and various industry workforce training programs for unemployed, underemployed and incumbent workers.**

**Review and revise survey for continued improvement and appropriateness to intended audiences, ie. Personal enrichment vs. workforce trainings.**

**Please answer the questions:**
- How much will your proposed actions cost the unit or college?
- Will the actions require resource allocation?
  Provide a cost estimate in personnel and other resources.

**Estimated cost is:** Two Full-time faculty coordinators with specialization in workforce development. Approx. $61K/yr X 2 - 11 mos. Faculty = $122K/yr.

1 position S-funded 2nd position G-funded.

**Curriculum / supplies costs to be determined after program market research.**
| #3. The CCE provides quality and a variety of personal enrichment courses | Surveyed all participants enrolled in personal enrichment classes between Jan. 2012 and Feb. 2013.  
Survey attached.  
Benchmark: 70% of surveyed participants agree or strongly agree with survey question.  
Tool #2. End-of-course evaluation (see attached) of course content, instructor, and materials.  
Benchmark: Course evaluation based on a scale of 1 - 5, with 1 being UNSATISFACTORY and 5 being EXCELLENT. 70% equivalent to 3.5  
Strengths:  
Tool #1: 70% of participants surveyed agreed their personal enrichment needs in art, health, music, crafts, etc. are met.  
Tool #2: An average rating of 4.82 out of 5.0 was achieved.  
Areas to strengthen: A few additional new courses in personal enrichment will be offered due to the borderline 70% rating in the survey. | Survey which new courses to offer. Determine budget, identify resource needs, hire instructors, determine tuition. |
| --- | --- | --- |
| #4. The CCE program participants are satisfied with CCE staff customer service | Surveyed all participants enrolled in CCE courses between Jan 2012 and Feb. 2013.  
Survey attached.  
Benchmark: 70% of surveyed participants agree or strongly agree with survey question. | No change. |

Please answer the questions:  
- How much will your proposed actions cost the unit or college?  
- Will the actions require resource allocation?  
Provide a cost estimate in personnel and other resources.  
Currently there is adequate staff; resources to carry out new courses.

Revised 10/25/2012 for NIUA
