- [ ] Yes, I am receiving Tuition Assistance (TA-Military)

I certify that the above classes comply with the VA enrollment certification requirements as stated on the Student Responsibility Statement. I have reviewed with the student and attached the student’s most recent Academic Essential-Academic Pathway Report via STAR.

Date: __________

Academic Counselor’s Signature                                                Print Name

I certify that the information provided on this form is true and correct and I have read and understand the Student Responsibility Statement (refer to back page or http://go.hawaii.edu/2Kw). I also understand that I must submit a new VA Registration Form if I add or change my registration within this semester AND each semester thereafter.

Date: __________

Student’s Signature
Student Responsibility Statement

To receive VA Education Benefits while attending Windward Community College (WCC), the student must:

- refer to www.gibill.va.gov for complete VA eligibility information and requirements.

- be accepted and declared WCC as the Home Institution and be classified into an approved VA major leading towards a degree or certificate at WCC.

- know the program requirements that he/she is pursuing at WCC. WCC can only certify courses for VA benefits that are toward the student's program requirements.

- report to Admissions and Records (A&R) Office any changes to his/her records (e.g. change of program, change of address, change of name, etc.).

- clear all UH financial obligation. VA enrollment certification may not be processed if the student has a financial obligation to UH.

- Understand that receiving Tuition Assistance (TA) via Department of Defense (DoD) may affect VA Education Benefits.

- request OFFICIAL TRANSCRIPTS from all previous colleges attended and military training received to be sent directly to A&R. In addition, a Request for Transcript Evaluation form must be completed and submitted to A&R. Failure to have transferring credits evaluated may result in a disruption of VA benefits. VA will not issue education benefits for credits earned from previous college/military training that are applicable toward the student's WCC program. Courses earned at any UH campuses will be evaluated for applicability toward WCC degree/certificate.

- ensure that tuition and fees are paid in full by the deadline even if tuition/fees are paid by another party (e.g. VA Chapter 33) to avoid financial obligation and possible disenrollment of classes. Charges and payments can be viewed via MyUH Services. The student is responsible for any outstanding tuition/fees balance. The student may see WCC financial aid office if tuition/fees cannot be paid by the deadline.

- understand that the VA enrollment certification is processed at least 60 days prior to the first day of term. VA first check may not be received until 6-8 weeks into the semester.

- understand how VA issues education benefits of non-semester length courses (including summer classes). VA is based on the actual class enrollment date and not semester start/end dates.

- understand that remedial and deficiency courses are courses designed to correct deficiencies in basic mathematics, English, and reading at the elementary or secondary level. These courses can be certified as part of the student's approved program for whom verifiable need has been established (e.g. placement test result). Courses taken below the student's placement level cannot be certified for VA education benefits.

- Remedial and deficiency courses offered as independent study (online or hybrid) cannot be approved and cannot be certified for VA benefits.

- understand that if he/she repeated a course work for which credit was already granted (e.g. transferred credits, earned credits), that repeated course cannot be certified for VA benefits.

- understand that Audit, Credit by Examination and Portfolio Based Assessment course cannot be certified for VA benefits.

- report to A&R any courses dropped and/or changed after the VA Registration Form has been submitted to A&R. Any registration changes may require the student to pay the outstanding tuition/fees balance.

- maintain satisfactory academic progress as explained in the WCC catalog. Any non-punitive grade (N, W, NC, Audit) or F grade received may require the student to repay VA and/or WCC.

- refer to www.gibill.va.gov for Post 9/11 Chapter 33 information. For BAH, the student must enroll in at least one face-to-face class. BAH is based on the location of majority of physical classes. To receive partial BAH (prorated), student must be at least 51% of full-time status. Student enrolled only in distance learning classes the BAH is 50% of the national average BAH rate.

- certify his/her school attendance every month via VA website (all Chapters except 35 and 33).

- refer to www.gibill.va.gov for Post 9/11 Chapter 33 Yellow Ribbon Program (YRP) information and eligibility. Starting 2012-13 academic year, the YRP is a partnership between WCC and VA to supplement the nonresident differential tuition at WCC on a first-come first-serve basis. Student should confirm with A&R of YRP participation every academic year. The YRP covers only WCC classes applicable toward WCC degree/certificate program. If there is any refund, the YRP is nonrefundable to the student.
