

Natural Science: Associate in Science Concentration in Information & Communication Technology

SAMPLE

2023-24
(60 credits)

The Associate in Science is a transfer degree designed for students pursuing STEM-related educational and career goals.

This is an example of an educational plan that can serve as a guideline to create your own academic pathway.

Notes:

- *Natural Science Sequence – CHEM 161 offered fall & spring semesters; PHYS 151 offered fall only; PHYS 170 offered spring only
- Cumulative GPA of 2.0 or higher for all course work taken in fulfillment of A.S. degree.
- Generally, any one course can fulfill only one area, e.g., SP 151, SP 231, SP 251 can fulfill either OC or DA, but not both. Certain natural science courses can fulfill both DB and DY requirements.
- No more than 12 credits in any combination of independent study or cooperative education may apply to the degree requirements.
- When there is a break in enrollment (not attending fall or spring semester), you must use the graduation requirements in effect at the time you return to WCC.
- If your bachelor's degree has been determined, you may be fulfilling specific course requirements for the 4-year degree here at WCC and applying those courses to the AA degree as elective credits.
- Electives: Any transfer-level course in any field to achieve 60 credits.
- The last day for graduation certification is the last day of instruction.
- **Check course core designation at the Class Availability website. Course core designation may differ at the various UH campuses. <https://www.hawaii.edu/myuhinfo/class-availability/>**
