

**Sustainable Agriculture
 Certificate of Competence
 2018-19
 (17 credits)**

SAMPLE

The Certificate of Completion in Sustainable Agriculture is designed for students who want to engage in small-scale farming in Hawaii. Sustainable agriculture integrates long-term environmental stability with economic profitability in a way that focuses on stewardship of both human and physical resources.

This is an example of an educational plan which can serve as a guideline to create your own academic pathway.

AGSU

Notes:

- Cumulative GPA of 2.0 or higher for all course work taken in fulfillment of degree.
- At least 20% of the required courses in the major area must be earned at the College.
- When there is a break in enrollment (not attending fall or spring semester), you must use the graduation requirements in effect at the time you return to WCC.
- The last day for graduation certification is the last day of instruction.
