**AHUPUAA SYSTEMS: INDIGENOUS RESOURCE MANAGEMENT & FOOD PRODUCTION 2023-24**  
**Graduation Checklist for Windward Community College**

**ACADEMIC SUBJECT CERTIFICATE (ASC) – 16-18 credits**

The ASC in Ahupuaa Systems: Indigenous Resource Management & Food Production is an introduction to industrial farming practices with traditional-based small-scale, family, and community models. It will integrate basic environmental science concepts with traditional and modern resource management practices in recommending environmental, agricultural, and cultural management decisions. Students will learn how traditional and indigenous perspectives impact practices of sustainable food production systems.

This is not an official document. Check catalog for course description and prerequisite. **Check course core designation at the Class Availability website. Course core designation may differ at the various UH campuses.** See your academic counselor if you need help.
