SUSTAINABLE AGRICULTURE 2020-21
Graduation Checklist for Windward Community College
CERTIFICATE OF COMPETENCE (CO) – 17 credits

The certificate in Sustainable Agriculture is a 17-20 credit program for people who want to engage in small-scale farming in Hawaii. While models of sustainable farming have existed for centuries, new technologies and the need to conform to modern forms of economic production and regulation, mean that the small-scale farmer seeking to practice sustainable agriculture to acquire a set of skills that include an understanding of aquaponics, of energy systems on farms, of plant science, and of how to plan and operate a business.

This is not an official document. Use it to keep track of your academic progress. You are responsible for meeting your program and graduation requirements. Check catalog for course descriptions and course prerequisites. See your academic counselor if you need help.
