

Information Computer Science: Web Support Certificate of Competence 2020-21 (9 credits)

SAMPLE

The Information Computer Science Certificate of Competence in Web Support is a competency based program designed for the novice or professional information worker who has little to no experience in Web support. This certificate is appropriate for upgrading the Web skills of industry members or for administrative support occupations.

This is an example of an educational plan that can serve as a guideline to create your own academic pathway.
