

Information Security Specialist Certificate of Competence 2021-22 (12 credits)

SAMPLE

The Information Security Certificate of Competence provides an entry point to a career in the computer industry. This certificate will provide students with the opportunities to make effective decisions with intellectual integrity to solve problems and/or achieve goals utilizing the skills of critical thinking, creative thinking, information literacy, and quantitative/symbolic reasoning, which are fundamental skills in the computer industry.

This is an example of an educational plan that can serve as a guideline to create your own academic pathway.
