

Psycho-Social Developmental Studies Academic Subject Certificate 2021-22 (27 credits)

SAMPLE

The ASC in Psycho-Social Developmental Studies (PSDS) provides pre-professional training for students planning careers in human services (social work, counseling, education, corrections, psychology, and human development). The curriculum combines existing liberal arts courses and cooperative education at designated field sites in partnership with a social service agency or hospital.

This is an example of an educational plan that can serve as a guideline to create your own academic pathway.
