Progression Requirements

To continue in the Veterinary Studies Program, the student must meet the following standards:

- Students in the program must attain and maintain a grade of “C” or better in each of the required courses and maintain a cumulative GPA of 2.0 or higher.
- If a student does not achieve a grade of “C” or better in a required course, the student may not progress in the program until the course has been repeated successfully. Course repetition will be based on instructor approval and program resources.
- Veterinary Technology courses may only be repeated once; students failing to make a grade of “C” or better in a course that has been repeated may be dismissed from the program.
